PROCLAMATION 2660

[VICTORY; DAY OF PRAYER]

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

The war lords of Japan and the Japanese armed forces have surrendered. They have surrendered unconditionally. Three months after victory in Europe victory has come in the East.

The cruel war of aggression which Japan started eight years ago to spread the forces of evil over the Pacific has resulted in her total defeat.

This is the end of the grandiose schemes of the dictators to enslave the peoples of the world, destroy their civilization, and institute a new era of darkness and degradation. This day is a new beginning in the history of freedom on this earth.

Our global victory has come from the courage and stamina and spirit of free men and women united in determination to fight.

It has come from the massive strength of arms and materials created by peace-loving peoples who knew that unless they won decency in the world would end.

It has come from millions of peaceful citizens all over the world—turned soldiers almost overnight—who showed a ruthless enemy that they were not afraid to fight and to die, and that they knew how to win.

It has come with the help of God, Who was with us in the early days of adversity and disaster, and Who has now brought us to this glorious day of triumph.

Let us give thanks to Him, and remember that we have now dedicated ourselves to follow in His ways to a lasting and just peace and to a better world.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby appoint Sunday, August 19, 1945, to be a day of prayer.

I call upon the people of the United States, of all faiths, to unite in offering their thanks to God for the victory we have won, and in praying that He will support and guide us into the paths of peace.

I also call upon my countrymen to dedicate this day of prayer to the memory of those who have given their lives to make possible our victory.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this sixteenth day of August, in the year of our Lord nineteen hundred and [SEAL] forty-five, and of the Independence of the United States of America the one hundred and seventieth.

HARRY S. TRUMAN

By the President:

JAMES F. BYRNES,
Secretary of State.

AUTHORITY: §§ 256.43 to 256.56, inclusive, issued under sec. 302 of the Agricultural Adjustment Act of 1933, as amended (62 Stat. 43; 7 U.S.C., 1302).

§ 256.43 *Definitions.* As used in §§ 256.43 to 256.56, inclusive, unless the context otherwise requires, the following terms will be construed respectively to mean:

(a) *Eligible producer.* An eligible producer shall be any person (individual, partnership, firm, corporation, association, joint-stock company, trust, estate, or other legal entity, or a State or political subdivision thereof, or an agency of such State or political subdivision), producing cotton in 1945 in the capacity of landowner, landlord, tenant, or sharecropper. Except as provided below, two

or more producers may not obtain a joint loan. If the eligible cotton produced on a farm has been divided among the producers entitled to share in such cotton, each landlord, tenant, and sharecropper, may obtain a loan on his separate share. If the cotton has not been divided, the landlord and one or more of the share tenants or sharecroppers may obtain a joint loan on their shares of such cotton. In no case shall a share tenant or sharecropper obtain a loan individually on cotton in which a landlord has an interest. In any case where a landlord obtains a loan on cotton in which a share tenant or sharecropper has an interest, he must have the legal right to do so, and the share tenant or sharecropper must be paid his pro rata share of the proceeds.

(b) *Eligible cotton.* Eligible cotton shall be cotton produced in the United States in 1945 by or for a producer: *Provided*, That the cotton meets the following requirements:

(1) Such cotton must be of a grade and staple length specified in the table appearing at the end of §§ 256.43 to 256.56, inclusive.

(2) In the case of warehouse-stored cotton, such cotton must be represented by warehouse receipts complying with the provisions of § 256.49. In the case of farm-stored cotton, the cotton must be covered by a Cotton Chattel Mortgage (C. C. C. Cotton Form F) (hereinafter referred to as "Form F") and a 1945 Cotton Mortgage Supplement (1945 C. C. C. Cotton Form FF) (hereinafter referred to as "Form FF") which will give the payee of the Cotton Producer's Note (C.C.C. Cotton Form E) (hereinafter referred to as "Form E") secured by such mortgage a first lien on such cotton.

(3) Such cotton must not be compressed to high density.

(4) Such cotton must be free and clear of all liens and encumbrances, except (in the case of warehouse-stored cotton) those in favor of the warehouse in which the cotton is stored, as specified in the Warehouseman's Certificate and Storage Agreement in Form A. (Form A is defined in § 256.44 (a) (1) below.)

(5) Such cotton must be tendered for a loan by a person who has the legal right to pledge or mortgage it as security for a loan.

(6) If the person tendering such cotton for a loan is a landlord, or landowner, the cotton must not have been acquired by him directly or indirectly from a share tenant or sharecropper, and must not have been received in payment of fixed or standing rent; and if it was produced by him in the capacity of landlord, share tenant, or sharecropper, it must be his separate share of the crop, unless he is a landlord and is tendering cotton in which both he and a share tenant or a sharecropper have an interest.

(7) The person tendering such cotton for a loan must not have previously executed and delivered, with respect to such cotton, a Form A, Form E, or 1945 C. C. C. Cotton Form G-2, and must not have previously sold and repurchased such cotton.

(8) Each bale of such cotton must weigh at least 300 pounds.

(9) American-Egyptian cotton shall be of normal character. No such cotton shall be accepted for loan with respect to which official classification indicates any reduction in grade or staple length because of irregularities or defects.

(c) *Lending agency.* A lending agency shall be any bank, corporation, partnership, association, or person, who has executed a Lending Agency Agreement (C. C. C. Cotton Form D) covering loans on 1945 crop cotton.

(d) *Eligible paper.* Eligible paper shall be a Form A or a Form E duly executed subsequent to July 31, 1945, and prior to May 1, 1946. State documentary revenue stamps should be affixed thereto where required by law. (A Form A or a Form E executed by an administrator, executor, or trustee, will be acceptable only where valid in law and must be submitted for a direct loan in accordance with § 256.52 of these instructions, unless accompanied by a repurchase agreement of the lending agency. Copies of this agreement may be obtained from the Regional Office of Commodity Credit Corporation, New Orleans 12, Louisiana.)

§ 256.44 *Forms.* The following documents must be delivered in connection with every loan:

(a) *Warehouse-stored cotton.* (1) *Form A.* In the case of upland cotton, Form A means 1945 Cotton Producer's Note and Loan Agreement (1945 C. C. C. Cotton Form A). In the case of American-Egyptian cotton, Form A means 1944 Cotton Producer's Note and Loan Agreement (1944 C. C. C. Cotton Form A) with the following notation conspicuously typed or stamped at the top of such Form A: "Wherever '1944' and '1945' are printed in this form, they shall mean and be read as '1945' and '1946' respectively."

(2) Warehouse receipts complying with the provisions of § 256.49 hereof.

(3) Producer's Letter of Transmittal (C. C. C. Cotton Form B) or Lending Agency's Letter of Transmittal (C. C. C. Cotton Form C).

(b) *Farm-stored cotton.* (1) Form E.

(2) Form F, covering the cotton tendered as security for the loan.

(3) Lending Agency's Letter of Transmittal (C. C. C. Cotton Form C) (unless the loan is being made direct by Commodity Credit Corporation).

Each of the forms, A, B, E, F, and FF, representing American-Egyptian cotton must have the words "American-Egyptian cotton" conspicuously stamped or typed at the top of each such form.

§ 256.45 *Amount—(a) Upland cotton.* Loans will be made only on those grades and staple lengths shown in the table appearing at the end of these instructions, and will be made on the gross weight of the cotton. An allowance of 7 pounds per bale will be made for bales covered with cotton bagging. The base loan rate applicable at each approved warehouse will be shown in the "Schedule of Base Loan Rates by Cities and Counties for Cotton Entering the 1945 Loan" in the Instructions to Warehousemen, and the base loan rate under the farm storage program for each county will be shown in the "Schedule of Base Loan

Rates by Counties for Farm-Stored Cotton." These schedules will be issued by Commodity Credit Corporation and will be available at the office of the county agricultural conservation committee (hereinafter called "county committee"). The premium or discount applicable to each grade and staple length is shown in the table referred to above. Loans on warehouse-stored cotton will be made at the rates shown in the "Schedule of Base Loan Rates by Cities and Counties for Cotton Entering the 1945 Loan," and loans on farm-stored cotton will be made at the rates shown in the "Schedule of Base Loan Rates by Counties for Farm-Stored Cotton," adjusted in each case for the appropriate premium or discount for such grade and staple length.

(b) *American-Egyptian cotton.* Loans will be made at rates to be announced about August 1, 1945, in a supplement to §§ 256.43 to 256.56, inclusive.

§ 256.46 *Classification of cotton.* All cotton must be classified by a Board of Cotton Examiners of the Department of Agriculture. Warehousemen (in the case of warehouse-stored cotton) and the county committee (in the case of farm-stored cotton) should forward samples to the Board of Cotton Examiners serving the district in which the warehouse or county is located, and a list showing the class of the cotton will be returned by the board. Instructions have been issued to approved warehouses and county committees concerning sampling and forwarding of samples and recording the class of the cotton in the loan agreements or chattel mortgages. No separate charge is to be made to producers for this service. A Form 1 classification memorandum of the Department of Agriculture will also be accepted as evidence of the class of cotton, provided the sample is a representative cut sample drawn by an approved warehouseman, a Department of Agriculture employee, or a bonded sampler.

A charge of 15 cents per bale shall be collected from the producer for all cotton from which samples are submitted to the Board of Cotton Examiners for classifications, except that no charge shall be collected for samples submitted for a Form 1 classification. The Board of Cotton Examiners will make collections for classing charges from the warehousemen and county committees at the end of each month. A certified check, cashier's check, or postal money order, payable to Commodity Credit Corporation, must be sent to the Board of Cotton Examiners by each warehouseman and county committee in payment of these charges.

§ 256.47 *Preparation of documents.* All blanks must be filled in with ink, indelible pencil, or typewriter, in the manner indicated therein, and no documents containing additions, alterations, or erasures, will be accepted by Commodity Credit Corporation.

(a) *Warehouse-stored cotton.* A producer desiring to obtain a loan may obtain the necessary forms from approved cotton warehouses and also from persons approved by the county committees in the cotton-producing areas to assist producers in preparing and executing the

loan forms. Only persons approved by county committees for such purpose may execute the Clerk's Certificate on Form A. The Clerk's Certificate must be executed on each Form A tendered for a loan. Such persons are permitted to collect a fee from producers not to exceed the fees shown in the following schedule:

Number of bales on the note:	Maximum fee allowed
1-6-----	25 cents.
7-8-----	30 cents.
9-10-----	35 cents.
11-20-----	35 cents plus 2 cents for each bale over 10.
21 and over -----	55 cents plus 1 cent for each bale over 20.

The original copy of Form A must be signed by the producer, and the copy marked "duplicate" is to be retained by the producer. The Schedule of Pledged Cotton must represent cotton of only one grade and staple length.

(b) *Farm-stored cotton.* A producer desiring to obtain a loan on farm-stored cotton may obtain the necessary forms from, and will be assisted in their preparation by, the county committee. A service fee for upland cotton of \$1.00 per bale, and for American-Egyptian cotton of \$1.30 per bale, shall be collected by the county committee from the producer to cover services rendered under this program. Each Form E must be approved by the county committee, and the member signing such form in the space provided certifies on behalf of the county committee, as provided in 1945 Cotton Loan (Farm Storage) Part I, Revised, issued by the Agricultural Adjustment Agency.

§ 256.48 *Approved warehouses.* Warehouse receipts representing eligible cotton will be accepted as security for loans made pursuant to Form A only if issued by warehousemen approved by Commodity Credit Corporation. Warehousemen desiring to be approved should communicate with the Regional Office of Commodity Credit Corporation, New Orleans 12, Louisiana. When warehouses are approved, notification will be given either by letter or published lists. All cotton pledged as security for any one loan must be in the same warehouse.

The warehouseman is required, as provided in the Warehouseman's Certificate and Storage Agreement in Form A, to draw representative samples from the bales and to deliver or forward such samples to a Board of Cotton Examiners for classing, except where Form 1 classification memorandum of the Department of Agriculture is used.

§ 256.49 *Warehouse receipts.* Only negotiable warehouse receipts issued by an approved warehouse, dated on or prior to the date of the producer's note, and properly assigned by an endorsement in blank so as to vest title in the holders or issued to bearer, will be acceptable. They must set out in their written or printed terms a description by tag number and weight of the bale represented thereby and all other facts and statements required to be stated in the written or printed terms of a warehouse receipt under the provisions of section 2 of the Uniform Warehouse Receipts Act.

Warehouse receipts issued prior to August 1, 1945, which by their terms will expire prior to August 1, 1946, must bear an endorsement of the warehouse extending the terms of the warehouse receipt for a period of 1 year from August 1, 1945. Block warehouse receipts will not be accepted.

§ 256.50 *Warehouse charges.* The warehouseman's charges are limited and his obligation defined by the Warehouseman's Certificate and Storage Agreement contained in Form A. This should be read carefully and must be executed by the warehouseman issuing the cotton warehouse receipts pledged as collateral to the producer's note. It must not be executed more than 10 days preceding the date of the note.

§ 256.51 *Liens.* Eligible cotton must be free and clear of all liens except (in the case of warehouse-stored cotton) those in favor of the warehouse in which the cotton is stored, as specified in the Warehouseman's Certificate and Storage Agreement in Form A. The names of the holders of all existing liens on cotton tendered as security for a loan, such as landlords, laborers, or mortgagees (but not the warehouseman, if the cotton is stored in a warehouse), must be listed in the List of Lienholders on each Form A and Form FF and the lienholders so listed must execute the Lienholders' Waiver on such forms. A Form A or Form FF will not be acceptable unless all prior lienholders are listed in the List of Lienholders and have executed the Lienholders' Waiver. If the producer tendering the cotton for the loan is not the owner of the land on which the cotton was produced, all landowners and landlords must be listed in the List of Lienholders on the Form A or Form FF and must sign the Lienholders' Waiver on such form, whether or not they claim liens, unless they sign the note jointly with the borrower. A misrepresentation, as to prior liens or otherwise, will render the producer personally liable under the terms of the Loan Agreement and subject him to criminal prosecution under the provisions of section 35 (A) of the Criminal Code of the United States (18 U.S.C. 80 [1940]). The Lienholders' Waiver must be signed personally by all lienholders listed, by their agents (in which case duly executed powers of attorney must be attached), or, if a corporation, by the designated officer thereof customarily authorized to execute such instruments (in which case no authority need be attached).

§ 256.52 *Direct loans.* It is contemplated that producers will ordinarily obtain loans from a local bank or other lending agency which, in turn, may sell the paper evidencing such loans to Commodity Credit Corporation. Arrangements, however, have been made for making direct loans to producers prior to May 1, 1946. In each such case the note must be made payable to Commodity Credit Corporation and must be tendered to the Regional Office of Commodity Credit Corporation, New Orleans 12, Louisiana, on a Producer's Letter of Transmittal (C.C.C. Cotton Form B) in duplicate, postmarked not later than

April 30, 1946, if tendered by mail. Upon receipt of all necessary documents, properly executed, and upon approval, payment will be made in accordance with the directions of the producer contained in the C.C.C. Cotton Form B, which permits the producer, if he so desires, to designate persons other than himself to receive all or part of the proceeds of the loan.

Direct loans will also be made on Certificates of Indemnity (Form FCI-574, issued by the Federal Crop Insurance Corporation). Instructions with reference to the requirements of Commodity Credit Corporation in making such loans will be issued by Commodity Credit Corporation as a supplement to these instructions and will be made available through the county agricultural conservation committees.

§ 256.53 *Time and manner of tendering loans for purchase and pooling.* Loans made by a lending agency which has executed and delivered a Lending Agency Agreement (C.C.C. Cotton Form D) to the Regional Office of Commodity Credit Corporation, New Orleans 12, Louisiana, prior to the making of the loan, will be eligible for purchase or pooling by Commodity Credit Corporation. C.C.C. Cotton Forms D are obtainable only from the Regional Office of Commodity Credit Corporation, New Orleans 12, Louisiana. Under the terms of this agreement, lending agencies which are parties thereto, are required to tender to Commodity Credit Corporation, New Orleans 12, Louisiana, on Lending Agency's Letter of Transmittal (C.C.C. Cotton Form C), executed in triplicate, all notes on Form A and Form E, with warehouse receipts and cotton chattel mortgages attached, representing loans made by the lending agency within 15 days of the dates of the notes. Forty notes shall be submitted on each Lending Agency's Letter of Transmittal except when fewer notes are listed thereon in order that the loans may be tendered within 15 days of the dates of their execution. The Lending Agency's Letter of Transmittal shall state whether the lending agency desires the Corporation to purchase the notes or to place them in a pool operated by the Corporation. Upon receipt by Commodity Credit Corporation, the loan papers will be examined and, if found correct, will be approved and purchased or will be transmitted to the Federal Reserve bank serving the district in which the cotton is stored and placed in a pool, as directed by the lending agency. In the event that the notes are pooled, a certificate of interest representing the interest in the pool acquired as the result of the deposit therein of the notes shown on the letter of transmittal will be issued to any approved lending agency designated by the lending agency tendering the eligible paper.

§ 256.54 *Lending agency.* The lending agency shall endorse the notes of producers as provided on Form A and Form E. In the case of warehouse-stored cotton care should be exercised by the lending agency to determine that the warehouse receipts are genuine. No pro-

vision is made for any deduction from the loan proceeds by the lending agency as a charge for handling the loan documents, except the authorized clerk's fee in case the lending agency has executed the Clerk's Certificate on Form A.

§ 256.55 *Federal Reserve Banks.* The location of the Federal Reserve banks and branches referred to herein and the district served by each are shown below:

Location	District served
Atlanta, Ga.---	Florida, Georgia, North Carolina, South Carolina, Virginia.
Birmingham, Ala.	Alabama.
Dallas, Tex.---	New Mexico, Texas.

New Orleans, La.	Louisiana and counties in Mississippi not assigned to Memphis.
Oklahoma City, Okla.	Oklahoma.

§ 256.56 *Repayments.*—(a) *Warehouse-stored cotton.* No partial releases of the cotton securing a note will be permitted. If a producer desires to obtain the return of the note and the release of the collateral, he should notify Commodity Credit Corporation, care of the Federal Reserve bank or branch thereof serving the district in which the cotton is stored, as stated in § 256.55 hereof. The notes and warehouse receipts will then be forwarded to an approved bank for release to said producer only and no other person, upon payment of the amount of the loan, the accrued interest, and proper charges. Do not send requests for the return of notes and the release of collateral to the Regional Office of Commodity Credit Corporation, New Orleans, Louisiana, as this causes delay in making the release. If the producer desires to sell his equity in the loan cotton, he must complete the Producer's Equity Transfer on his copy of Form A. Upon the request of the producer or upon receipt of the request contained in the Producer's Equity Transfer on the producer's copy of Form A, the note and warehouse receipts will be forwarded to any approved bank designated

by the person requesting the release of the cotton with direction to release such note and warehouse receipts upon payment of the amount of the loan, the accrued interest, and proper charges. In all such cases, the bank will be instructed to return the notes and warehouse receipts to the Federal Reserve bank if payment is not effected within 15 days. All charges and expenses of the bank to which the notes and warehouse receipts

are sent shall be paid by the person requesting the release of the cotton. In the event that release of the cotton is requested by the submission of the Producer's Equity Transfer, the witness to the producer's signature to such form must be a person approved for such purpose by a county committee in the cotton-producing area.

(b) *Farm-stored cotton.* If a producer desires to obtain the return of the note

and release of the collateral, he should notify the county committee of the county in which the cotton is stored. Partial releases will be allowed. Complete instructions on the release of farm-stored cotton may be obtained from the county committee.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-885]

THE ELLICOTT CO.

The Ellicott Company was incorporated June 1, 1945, with M. Tyson Ellicott as the principal stockholder and president. Prior to that time, and during the time when the violations were committed, the said M. Tyson Ellicott was sole owner and actively controlled the business. The company is engaged principally in the sale of automotive parts, tools and hardware.

Between June 1, 1944 and January 30, 1945 the company applied or extended unauthorized preference ratings of AA-1 MRO on eight purchase orders to Hein-Werner Motor Parts Corporation of Waukesha, Wisconsin, for a total of 514 jacks, and during the same period it applied or extended unauthorized preference ratings of AA-1 on nineteen purchase orders for

1429 vises for homeshop use and thirty-seven vises for machinists' use. The application or extension of these unauthorized preference ratings constituted violations of Priorities Regulation No. 3. During the period from June 1, 1944 to April 1, 1945, the company also failed to maintain adequate records covering its operations, in that the records were incomplete, incorrect, disorderly and on improper form. This constituted a violation of Priorities Regulation No. 1. The aforementioned acts constitute willful violations of the said regulations.

These violations have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.885 *Suspension Order No. S-885.* (a) The Ellicott Company shall not, for four months from the effective date of this order, apply or extend any preference ratings or use any CMP allotment symbols, regardless of the delivery date named in any purchase order to which such ratings may be applied or extended or on which CMP allotment symbols are used.

(b) The Ellicott Company shall cancel immediately all preference ratings which it has applied or extended to orders which have not yet been filled, except that if it has accepted a customer's rating to get an item for delivery, without change in form, to that customer (as distinct from replacing it in inventory) it need not cancel the rating, providing the item when received is promptly delivered to the customer whose rating was accepted.

(c) The restrictions and prohibitions contained herein shall apply to The Ellicott Company, its successors and assigns, or any person acting in its behalf. Prohibitions herein against the taking of any action include the taking indirectly as well as directly of any such action.

(d) Nothing contained in this order shall be deemed to relieve The Ellicott Company from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on August 16, 1945.

Issued this 9th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-886]

I. S. TUOVER

I. S. Turover is engaged in the business of selling hardboard, lumber and other building materials in Bethesda, Maryland. Between December 1, 1943 and April 30, 1945 he placed orders bearing preference ratings of AA-1 for 542,024 square feet of hardboard, when in fact he was authorized to place orders bearing this preference rating for only 116,230 square feet. The unauthorized application or extension of preference

ratings to obtain 426,794 square feet of hardboard in excess of the authorized amount constituted a violation of Priorities Regulation No. 3 and his actions in applying or extending the aforesaid unauthorized preference ratings constituted a grossly negligent violation of the Regulation.

This violation has diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.886 *Suspension Order No. S-886.* (a) Unless otherwise specifically authorized in writing by the War Production Board, I. S. Turover shall not for four months from the effective date of this order apply or extend any preference ratings to obtain any hardboard, regardless of the delivery date named in any purchase order to which such ratings may be applied or extended.

(b) I. S. Turover shall cancel immediately all preference ratings which he has applied or extended to orders for hardboard which have not yet been filled, except hardboard already in transit for delivery to him on the effective date of this order.

(c) The restrictions and prohibitions contained herein shall apply to I. S. Turover, his successors and assigns, or persons acting on his behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(d) Nothing contained in this order shall be deemed to relieve I. S. Turover from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on August 16, 1945.

Issued this 9th day of August 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-892]

PETER DESIMON

Peter Desimon of Seattle, Washington, in December 1944 began construction of a combined restaurant and beer tavern at 8501 and 8503 15th Avenue NW, Seattle, Washington, without authorization from the War Production Board. The construction consisted of alterations and additions to two pre-existing buildings located at 8501 and 8503 15th Avenue NW, in Seattle, Washington, at an estimated cost which exceeded the limit permitted by and was in violation of Conservation Order L-41. Peter Desimon was aware of War Production Board restrictions on construction, and his violation of Conservation Order L-41 was willful.

This violation has diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.892 *Suspension Order No. S-892.* (a) Neither Peter Desimon, his successors or assigns, nor any other person, shall do any construction on the premises at 8501 and 8503 15th Avenue NW., Seattle, Washington, including putting up or altering the structure, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Peter Desimon, his successors or assigns from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

Issued this 15th day of August 1945.

CERTAIN FOODS AND BEVERAGES, MODIFICATIONS OF MAXIMUM PRICES ESTABLISHED BY GENERAL MAXIMUM PRICE REGULATION

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Regulation 14C to the General Maximum Price Regulation is amended in the following respects:

Section 4.6 of Article IV is added to read as follows:

Sec. 4.6 *Pearl barley*—(a) *Maximum prices for the sale of packaged pearl barley.* The maximum price for the sale of pearl barley packaged in containers of three pounds or less by any person who packaged the same before delivery to a retail establishment shall be the seller's maximum price established under the General Maximum Price Regulation on sales to the same class of purchaser, plus two cents per pound.

(b) *Notification of new maximum price.* With the first delivery after August 21, 1945, of any item of pearl barley in any case where a seller determines his maximum price pursuant to this section, he shall:

(1) Supply each wholesaler and retailer who purchases from him with a written notice, as set forth below:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS.

Our O. P. A. ceiling price for (describe item by kind, grade, brand, and container type and size) has been changed by the Office of Price Administration. We are authorized to in-

form you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulations Nos. 421, 422 or 423, you must refigure your ceiling price for this item on the first delivery of it to you containing this notification on and after (insert effective date of ceiling price change). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations Nos. 421, 422 or 423, whichever is applicable to you.

For a period of 60 days after determining such maximum price and with the first shipment after the 60-day period to each person who has not made a purchase within that time, each seller shall include in each case, a carton or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to or stating it on the invoice covering the shipment, instead of providing it with the goods.

(2) Supply each purchaser of the item who is a distributor other than a wholesaler and retailer with written notice of the establishment of the new maximum price. The notice, which shall be attached to, or stated on, the invoice shall read as follows:

(Insert date)

NOTICE TO DISTRIBUTORS OTHER THAN WHOLESALERS AND RETAILERS

Our O. P. A. ceiling price for (describe item by kind, variety, grade, brand, and container type and size) has been changed from \$----- to \$----- under the provisions of section 4.6 to Supplementary Regulation 14C to the General Maximum Price Regulation. You are required to notify all wholesalers and retailers for whom you are the customary type of supplier purchasing the item from you after (insert effective date of ceiling price change) of any change in your maximum price. This notice must be made in the manner prescribed in section 4.6 of Supplementary Regulation 14C.

This amendment shall become effective August 21, 1945.

2. Section 1499.680 (g) is amended to read as follows:

(g) *Higher filed maximum prices.* Any Regional Administrator or any District Director who has been authorized to act by the Regional Administrator having jurisdiction over his district, is authorized to issue an order granting a seller permission to continue pricing his shoe repair services in accordance with the provisions of RMPR 165 rather than this regulation upon satisfactory proof by such seller of the following requirements:

(1) Applicant's prices for his shoe repair services which represent fifty percent or more of his dollar volume of sales were sold at higher prices under the provisions of RMPR 165 than those established for him by an area order under this supplementary service regulation.

(2) Applicant filed on or before September 10, 1942 a statement of maximum prices for those services reflecting such higher prices with his appropriate War Price and Rationing Board.

(3) If applicant entered in business after March 1942 he must show that he established and filed his prices in accordance with the applicable provisions of RMPR 165 and that his "closest competitor" had filed a statement of his maximum prices as set forth above.

PART 6—REGULATIONS FOR LICENSING PATENTS AND INVENTIONS

Pursuant to section 161 of the Revised Statutes (5 U.S.C. Sec. 22), and the act of April 5, 1944 (58 Stat. 190, 30 U.S.C. secs. 321-325), the following regulations are hereby prescribed:

Sec.

- 6.1 Purpose of regulations.
- 6.2 Patents in which the Secretary of the Interior has transferable interests.
- 6.3 Unpatented inventions in which the Secretary of the Interior has transferable interests.
- 6.4 Licenses unnecessary for use or manufacture by or for the Government; exceptions.
- 6.5 Publicity concerning inventions.
- 6.6 Terms of licenses or sublicenses.
- 6.7 Procedure for issuance of licenses.
- 6.8 Evaluation Committee.
- 6.9 Repeal of inconsistent regulations.

AUTHORITY: §§ 6.1 to 6.9, inclusive, issued under section 161 of the Revised Statutes (5 U.S.C. 22), and act of April 5, 1944 (58 Stat. 190, 30 U.S.C. 321-325).

§ 6.1 *Purpose of regulations.* It is the purpose of this part to secure for the people of the United States the full benefits of Government research and investigation in the Department of the Interior (a) by providing means for circulating information concerning patents and inventions in which the Secretary of the Interior has transferable interests which are available for licensing; (b) by providing a simple procedure under which such licenses may be obtained by the public; (c) by providing adequate protection for the inventions until such time as they may be made available for licensing without undue risk of losing patent protection to which the public is entitled.

§ 6.2 *Patents in which the Secretary of the Interior has transferable interests.* Patents in which the Secretary of the Interior has transferable interests, and upon which he may issue licenses or sublicenses, are classified as follows:

(a) Patents assigned without restrictions to the United States, as represented by the Secretary of the Interior, by employees or nonemployees of the Interior Department, whether or not required by law, regulation (see Departmental Order No. 1763 of November 17, 1942, 7 F.R. 10161), or contract, except as provided in § 6.2 (c) hereof. These patents will hereinafter be referred to as Class (a) patents.

(b) Patents licensed to the Secretary of the Interior with the right to sublicense, or assigned to the Secretary of the Interior as trustee for the people of the United States, or assigned to the Secretary of the Interior upon such terms as to effect a dedication to the people of the United States, or conveyed by other means restricting the control of the patent under the terms of the conveyance. These patents will hereinafter be referred to as Class (b) patents.

(c) Patents and patent rights acquired by the Secretary of the Interior pursuant to the act of April 5, 1944 (58 Stat.

190, 30 U.S.C. secs. 321-325), and any amendments thereof, hereinafter referred to as Class (c) patents.

§ 6.3 *Unpatented inventions in which the Secretary of the Interior has transferable interests.* The Secretary of the Interior may also have patent rights in, and may issue licenses upon, inventions which are not yet patented. In order to protect the patent rights of the Department, for the eventual benefit of the public, a license may be granted with respect to such an invention only if (a) a patent application has been filed thereon; (b) the invention has been assigned to the United States, as represented by the Secretary of the Interior, and the assignment has been recorded in the Patent Office; and (c) the solicitor of the Department is of the opinion that the issuance of a license will not prejudice the interests of the Department in the invention. Such licenses shall be upon the same terms as licenses relating to patents of the same class, as described in § 6.2.

§ 6.4 *Licenses unnecessary for use or manufacture by or for the Government; exceptions.* A license from the Secretary of the Interior is not required with respect to the manufacture or use of any invention patented under the act of March 3, 1883 (22 Stat. 625), as amended by the act of April 30, 1928 (45 Stat. 467, 35 U.S.C. sec. 45), or assigned or required to be assigned without restrictions or qualifications to the United States, as represented by the Secretary of the Interior, when such manufacture or use is by or for the Government for governmental, and no other, purposes. A license or sublicense may be required, however, in the case of Class (b) patents or patent rights when the terms under which the Secretary of the Interior acquires interests therein necessitate the issuance of a license or sublicense in such circumstances.

§ 6.5 *Publicity concerning inventions.* (a) In order that the public may obtain the greatest possible benefit from inventions in which the Secretary of the Interior has transferable interests, inventions assigned to the Secretary upon which intent applications have been filed shall be publicized as widely as possible within legal limitations of authority, by the Department, by the originating bureau, by the branch or division of that bureau in which the inventor is employed, and by the inventor himself in his contacts with industries in which the invention is or may be useful. Regular organs of publication shall be utilized to the greatest extent possible. In addition, it shall be the duty of the Solicitor of the Department, upon being advised of the issuance of any patent assigned to the Secretary, to take steps towards listing the patent as available for licensing in the register in the Patent Office established for that purpose.

(b) In order to preserve rights in unpatented inventions for the people of the United States prior to the filing of patent applications thereon, no description, specification, plan or drawing of

any unpatented invention upon which a patent application may be filed shall be furnished to anyone not employed by the Department of the Interior or engaged in working on a cooperative or other project approved by the Department unless the Solicitor of the Department is of the opinion that the interests of the Department and of the people of the United States in the invention will not be prejudiced thereby.

§ 6.6 *Terms of licenses or sublicenses.* In order to make inventions developed in the Department of the Interior more available to the people of the United States, the terms of licenses and sublicenses issued pursuant to these regulations shall be as unrestrictive as the laws of the United States and sound administrative practice will permit.

Licenses and sublicenses of Class (c) patents and patent rights shall be granted by the Secretary of the Interior upon such terms and conditions as he may hereafter prescribe pursuant to sections 3 and 5 of the act of April 5, 1944, and any amendments thereof.

Licenses and sublicenses of Class (a) and (b) patents and patent rights shall be nontransferable. They shall be revocable only for violation of the terms of the license or as provided therein upon a finding by the Secretary of the Interior or any person designated by him, after reasonable notice and an opportunity to be heard, that withdrawal of rights conveyed thereunder is in the public interest. Licensees and sublicensees, except in cases where such a requirement would conflict with the terms under which Class (b) patents or patent rights are acquired, may be required to submit annual or more frequent technical or statistical reports concerning "know how" obtained through the exercise of the license or sublicense, the number or quantity of articles produced under the license or sublicense, and other related subjects. Such requirements shall be incorporated into the license or sublicense.

In addition to the general terms stated above, the issuance of licenses and sublicenses shall be governed by the following provisions applicable to the separate classes:

(a) Licenses of Class (a) patents and patent rights may be made available to properly qualified applicants royalty-free, upon a satisfactory showing that the public will be benefited thereby. If no such showing is made, licenses shall be granted only upon a reasonable royalty or other consideration, the amount or character of which may be determined by the Secretary of the Interior or any person or persons designated by him. A cross licensing agreement may be considered adequate consideration.

(b) Licenses of Class (b) patents and patent rights shall be granted in accordance with the provisions of paragraph (a) hereof; *Provided, however,* That if such provisions conflict with the terms of the instruments conveying such patents or patent rights to the Secretary of the Interior, then the licenses shall be made to conform with such terms.

§ 6.7 *Procedure for issuance of licenses.* (a) Any person desiring a license relating to an invention upon which the Secretary of the Interior owns a patent or patent rights shall file with the Solicitor of the Department of the Interior an application for a license, identifying the applicant, his address and citizenship, his business, the patent or invention upon which he desires a license, and stating the purpose for which he desires a license, his experience in the field of the desired license, any patents, licenses, or other patent rights which he may have in the field of the desired license, and the benefits, if any, which the applicant expects the public to derive from his proposed use of the invention.

(b) It shall be the duty of the solicitor, after consultation with the bureau or office in the Department of the Interior most directly interested in the patent or invention involved, and with the Evaluation Committee established in accordance with § 6.8 hereof, if royalties are to be charged, to determine whether the application is complete and the applicant qualified for the license desired, and to recommend to the Secretary the denial or granting of a license. If he recommends that a license be granted, he shall draft an appropriate license for the signature of the Secretary, including provisions as to consideration, as well as special provisions desired by the bureau or office consulted.

(c) If any inquiry concerning a proposed license or application is made to any bureau or office of the Department, the bureau or office shall refer the correspondence to the solicitor, who shall answer all inquiries. If a completed application is received by a bureau or office, the recommendations of such bureau or office shall be transmitted to the solicitor before or in lieu of the consultation referred to in paragraph (b). This provision shall not be interpreted to relieve any bureau or office of the duty of promoting the use of any invention developed therein in accordance with the provisions of § 6.5 of this part.

§ 6.8 *Evaluation Committee.* At the request of the Solicitor, royalty rates in each instance shall be recommended to him by an Evaluation Committee with special knowledge of the subject matter of the invention, appointed by the Secretary. Such committee shall have authority to recommend royalty rates with respect to any patents or inventions for which royalties may be charged, whether or not an application for a license has been made.

§ 6.9 *Repeal of inconsistent regulations.* Any regulations hitherto issued concerning the licensing of specific patents assigned to the Secretary of the Interior which are inconsistent with these regulations are hereby repealed.

Issued and effective this 11th day of August 1945.

ABE FORTAS,
Acting Secretary of the Interior.

SOLID FUELS IN QUAD CITIES AREA

Order No. G-15 under Revised Maximum Price Regulation No. 122 is redesignated

Revised Order No. G-15 and is revised and amended to read as follows:

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, as amended, it is ordered:

(a) *What this order does.* This order establishes maximum prices for sales of specified solid fuels delivered in the cities of Rock Island, Moline, East Moline, Silvis and Milan, Illinois, and Davenport and Bettendorf, Iowa, and within an area of five miles from the city limits of each of them. These are the highest prices that any dealer may charge when he delivers any such fuel within this area; they are also the highest prices that any buyer in the course of trade or business may pay for such solid fuels.

(b) *What this order prohibits.* Regardless of any obligation, no person shall:

(i) Sell, or, in the course of trade or business, buy solid fuels at prices higher than the maximum prices set by this Revised Order No. G-15 but less than the maximum prices may at any time be charged, paid or offered.

(ii) Obtain higher than maximum prices by:

(i) Charging for a service unless expressly requested by the buyer and unless specifically authorized to do so by this revised order.

(ii) Charging a price higher than the schedule price for a service.

(iii) Making a charge higher than the schedule charge authorized for the extension of credit.

(iv) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, or

(v) Using any other device by which a higher than maximum price is obtained.

(c) *Price schedule.* (1) Immediately below and as part of this paragraph (c) is a schedule which sets forth maximum prices before discounts for sales by direct delivery of specified sizes, kinds and quantities of solid fuels. Column 1 describes the fuel for which prices are established; Columns 2, 3 and 4 show maximum prices for fuel delivered in quantities indicated by each column heading. All prices are stated on a net ton basis.

The price schedule lists maximum prices for the sale of coal on the basis of the type of mine operation by means of which it is produced. On sales of coal produced in District Nos. 7, 8, 9, and 11, the prices established are similar for the same kind and size of fuel regardless of the type of mine operation. On District No. 10 coal as described in paragraph IV, A and B, prices apply to coal produced in Deep Machine Mines only; as described in paragraph IV, C, prices apply as specified to coal produced in Deep Machine Mines and Strip Mines; as described in paragraph IV, D, prices apply to coal produced in Strip Mines only. The prices of Pennsylvania Anthracite and By-Product Coke are unaffected by the type of mine operation.

For the reasons set forth in an accompanying opinion and under the authority vested in the Regional Administrator of the Office of Price Administration for Region II by section 29a of Maximum Price Regulation No. 422, this order is issued.

SECTION 1. What this order does. This order reduces the mark-ups listed in Table B in section 39 (a) of Maximum Price Regulation No. 422 for sales by certain Groups 3 and 4 retailers in Region II of poultry, except ducks, bought live and sold live or on a dressed-weight basis, and bought kosher-killed and sold kosher-killed. The mark-up reduction is necessary to prevent an increase, arising out of the issuance of Order No. G-6 and Amendment No. 1 to Revised Order No. G-1 under Second Revised Maximum Price Regulation No. 269, in the ceiling prices at which such poultry items may be sold by retailers.

Sec. 2. Where this order applies. This order applies in the counties of Bronx, Kings, New York, Queens, Richmond and Westchester in the State of New York; the counties of Bergen, Essex, Hudson, Mercer, Middlesex, Monmouth, Morris, Passaic, Somerset and Union, and the City of Camden in the State of New Jersey; and the counties of Allegheny, Delaware and Philadelphia in the Commonwealth of Pennsylvania.

Sec. 3. Reduced markups for live and kosher-killed poultry. In determining retail ceiling prices for live and kosher-killed poultry no effect shall be given to the increased retail cost of live and kosher-killed poultry arising out of the issuance of Order No. G-6, and Amendment No. 1 to Revised Order No. G-1 under Second Revised Maximum Price Regulation No. 269. Retail markups for such poultry items shall be reduced accordingly.

Sec. 4. Effective date. This order shall become effective on June 18, 1945.

PAINTING AND PAPERHANGING SERVICES IN OREGON AND WASHINGTON

For the reasons set forth in an opinion issued simultaneously herewith, and un-

der the authority vested in the Regional Administrator of the Office of Price Administration by section 9 of Revised Maximum Price Regulation No. 251, it is hereby ordered:

(a) *Geographical applicability.* This order shall apply to sellers located in the following areas: The State of Oregon (except Malheur County) and the counties of Clark, Cowlitz, Wahkiakum, Klickitat, and Skamania in the State of Washington.

(b) *Maximum prices.* The maximum price of painting and paperhanging services shall be the sum of a charge for labor and the maximum price of the materials used. The maximum charge for labor shall be determined by multiplying the maximum hourly rate for each category of labor by the number of hours of labor performed in that category, as provided by subparagraph (b) (1), and by stating such charges. The maximum price of the materials used shall be determined as is provided by subparagraph (b) (2). The maximum prices established by this order include all expenses and no additional charge shall be made for any other cost or incidental service except as may be permitted by this order.

(1) *Maximum labor charge.* (i) The maximum hourly rate shall be the legal labor cost per hour multiplied by 170 percent (rounded to the nearest 5 cents), but not more than the following:

Per hour	
In Clark County, Wash., or Clackamas, Multnomah, or Washington Counties, Ore.	\$2.30
In remainder of area covered by order.	2.25

(ii) *Measurement of hours.* The number of hours to be charged against any job is to be counted from the time the workman leaves the shop or the previous job (whichever is later) until he completes the job, if he proceeds to another job, or until he returns to the shop, if he proceeds there directly. For any job extending into more than one day, time in transit to or from the job may be charged only once. The hours for which charges are made shall not exceed those shown in the seller's payroll records nor those shown in records which paragraph (f) of the order requires the seller to keep.

(iii) *Overtime* may be charged for at the rate of one and one-half times the rate provided above.

(iv) *Minimum charge.* If a job requires less than one man-hour, there may be collected a minimum charge equal to the rate for one hour.

(v) A seller performing his own work shall take as his basic maximum hourly labor rate the applicable dollar-and-cent rate provided in paragraph (b) (1) (i).

(2) *Materials.* The maximum price of any materials used shall be the maximum price provided by the appropriate maximum price regulation for sales of such materials at retail.

(c) *Definitions.* (1) "Painting and paperhanging services" means the painting of any building structure, or construction project, or any part, fixture, or equipment thereof, or the application of any wall paper or decorating or sur-

face-finishing paper thereto, and includes all incidental services such as cleaning and preparation of surfaces or cleaning of premises.

(2) "Overtime" refers to hours of work performed at customer's request on Saturday or Sunday, or between the hours of 4:30 p. m. and 8:00 a. m. Monday to Saturday.

(3) "Labor cost" means the wage rates in effect on October 3, 1942, or wage rates which have been established by proper governmental agencies, but not in excess of the wage actually paid.

(d) *Jobs selling for more than \$200.* For jobs sold for more than \$200.00 the maximum price shall be calculated under section 7 of Revised Maximum Price Regulation No. 251, using the sum of labor costs, material costs, and other direct costs, and a margin not exceeding the margin used on the most comparable job in the period January 1, 1939, to March 31, 1942, or, for sellers not in business in March 1942, a margin not exceeding 30 percent of the sum of labor and material and other direct costs. This price may not exceed the maximum price provided in paragraph (b) of this order.

(e) *Guaranteed price.* A seller may offer to supply a painting or paperhanging service covered by this order on the basis of a guaranteed price, the seller agreeing to charge a fixed amount, but such guaranteed price may not exceed the maximum price established by this order.

(f) *Records and invoices.* Every person making sales subject to this order must keep a record showing the time spent by each employee on each job involving painting or paperhanging services and of the wage rate for such employee. Such records shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration. In addition, every person making sales subject to this order shall furnish to the customer an invoice or sales slip on which he has itemized labor and materials and on which he has certified that the price charged does not exceed the price permitted by this Order No. G-9 under Revised Maximum Price Regulation No. 251. Duplicates of such invoices or such sales slips shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration.

(g) This order supersedes sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251, with respect to painting and paperhanging services supplied in the described areas, except where it is otherwise provided herein.

(h) This order may be amended or revoked at any time.

(i) This order shall become effective August 4, 1945 except that it shall not apply to sales made pursuant to contracts entered into prior to such date.

Issued this 30th day of July, 1945.

(c) For each share of common stock of Central, one-half share of common stock of the new company.

(d) For each share of 7% preferred stock of American, 13 shares of common stock of the new company.

(e) For each share of common stock of American, 10 shares of common stock of the new company.

4. The new company will issue to Middle West the remaining 3,368,686 shares of its common stock in exchange for all stock of Central and American owned by Middle West and pay an amount in cash to Middle West equal to the accrued and unpaid dividends at the date the merger or consolidation becomes effective on the prior lien preferred stock, \$7 dividend series and \$6 dividend series of Central and on the 7% preferred stock of American held by Middle West. The plan, as amended, recites that Middle West will receive for all its stock holdings in Central and American 51% of the total shares to be issued by the new company which compares with 54.8% which it would receive if its holdings of stock in Central and American were exchanged upon the same basis as all other shares.

5. 25,643 shares of preferred stock of West Texas Utilities Company owned by American will be sold to West Texas

Utilities Company and cancelled, and the proceeds applied to the cash payments to be made to holders of stock of Central and American as provided in the foregoing provisions of the plan, as amended.

6. No fractional shares of the common stock of the new company will be issued, but in lieu thereof the new company shall issue, in bearer form, non-dividend bearing and non-voting scrip, dated as of the date the merger becomes effective. Such scrip, when combined to create one or more full shares, may be surrendered on or before but not after three years from the date of the scrip certificate, in exchange for full shares of common stock of the new company and the scrip will provide that, as soon as practicable after the three-year period, any shares represented by such outstanding scrip certificates shall be sold and the proceeds thereof held for the account of the holders of the scrip without liability for interest. Any proceeds represented by scrip certificates not surrendered on or prior to the expiration of seven years from the date of the scrip certificates shall become the property of the new company.

7. Middle West proposes to divest itself of all its shares of common stock in the new company by a distribution in kind, share for share, to its own stockholders and a sale of the remainder of said shares for cash.

8. The applicants request the Commission, pursuant to sections 11 (e) and 18 (f) of the act, to apply to a Federal Court as soon as practicable after the entry of an order by the Commission approving the plan, as amended, to enforce and to carry out the terms or provisions of said plan, as amended.

II. The Commission being required by the provisions of section 11 (e) of said act before approving any plan thereunder to find after notice and opportunity for hearing that such plan as submitted or as modified is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equi-

table to the persons affected by such plan; it, therefore, appearing appropriate to the Commission, in the public interest and in the interest of investors and consumers, that an opportunity to be heard and to argue with respect to said plan, as amended, should be afforded to all interested persons; and

The Commission being of the opinion, in view of the extensive hearings previously held and the record already made, that the hearing and argument should be held, in the first instance, before the Commission and should be directed to the issues raised in the Commission's notice of filing and order for hearing issued September 4, 1943 (Holding Company Act Release No. 4542) as well as the following issues:

(1) Is the plan, as amended, as submitted or as hereafter modified,

(a) Necessary to effectuate the provisions of section 11 (b) of the act,

(b) Fair and equitable to the public holders of the securities of Central and American,

(c) Fair and equitable to Middle West, and

(d) In compliance with the order of the Commission dated June 4, 1942.

(2) Whether the plan, as amended, should be modified to include a provision for the payment of Central, American or Middle West of such fees and expenses in connection with said plan, as amended, or the proceedings with respect thereto as the Commission may determine, award, allow or allocate.

It is therefore ordered, That any person desiring to present argument or to be heard on such plan, as amended, shall appear before the Commission at 10:00 a. m., e. w. t., on the 11th day of September 1945, at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated at that time by the hearing room clerk in Room 318. Any person desiring to present argument or to be heard shall on or before September 4, 1945, file a written application with the Secretary of the Commission in accordance with the provisions of Rule XVII of the Commission's rules of practice.

It is further ordered, That notice of this argument and hearing be given to Middle West, Central, American, and to all other persons; said notice to be given to Middle West, Central and American by registered mail and to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Holding Company Act of 1935, and by publication in the FEDERAL REGISTER; and

It is further ordered, That Central and American shall give notice of this argument and hearing to all their stockholders, both common and preferred (insofar as the identity of such security holders is known or available to Middle West, Central and American), by mailing to each of said persons a copy of this notice of filing and order for argument and hearing and a copy of the plan, as amended, at his last known address at least 20 days prior to the date of this argument and hearing;

It is further ordered, That jurisdiction be and is hereby reserved to separate, whether for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters hereinbefore set forth or which may arise in this proceeding, or to consolidate with these proceedings other filings or matters pertaining to said Plan or to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

By the Commission.

CENTRAL STATES UTILITIES CORP., ET AL.
NOTICE OF FILING AND ORDER RECONVENING
HEARING ON AMENDED PLAN

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 11th day of August, A. D., 1945.

In the matters of Central States Utilities Corporation, Central States Power & Light Corporation, Ogden Corporation, File No. 54-42; Ogden Corporation and Subsidiary Companies, File No. 54-69; Ogden Corporation and Subsidiary Companies, File No. 59-65.

I. Notice is hereby given that Ogden Corporation ("Ogden"), a registered holding company, has filed Amendment No. 12 in these consolidated proceedings, proposing an Amended Plan pursuant to section 11 (e) and other applicable sections of the act and the rules promulgated thereunder for the liquidation and dissolution of its subsidiary holding company, Central States Utilities Corporation ("Central Utilities"), and of the latter's subsidiary, Central States Power & Light Corporation ("Central States");

All interested persons are referred to said Amended Plan, which is on file in the office of the Commission, for a full statement of the transactions proposed therein, which may be summarized as follows:

Central States and its subsidiaries have disposed of all their operating properties pursuant to separable plans heretofore approved in these proceedings, and the remaining assets of Central States consist almost exclusively, of cash and investments in government bonds. After making provision for the discharge of current liabilities (amounting to \$100,972 per books), the assets of Central States amounted to approximately \$1,975,000. The only action remaining to consummate the liquidation of Central States is the distribution of the cash and investments now held by it to creditors and security holders entitled thereto.

The following tabulation shows the outstanding securities of Central States at December 31, 1944, and their ownership by its parent companies and by others:

	Principal amount or shares outstanding	Owned by—		
		Ogden	Central Utilities	Others
5% debentures, due 1/1/1946.....	\$5,940,000.....	\$5,168,040.....	771,960.....	\$531,000.....
\$7 cum. pfd. stock, no par value.....	80,000 shs.....	13,473 shs.....	66,527 shs.....	0.....
Common stock, no par value.....	40,600 shs.....	40,600 shs.....	0.....	0.....

¹ Entitled to \$100 per share and accrued dividends in involuntary liquidation; dividend arrears amounted to \$7,280,000 or \$91.00 per share.

All interest on the publicly held debentures of Central States has been paid regularly. Payment of interest on the debentures owned by Ogden for the period from June 30, 1942, aggregating \$766,206, has been conditionally waived by Ogden. Pursuant to an agreement dated June 20, 1941, Ogden deposited in escrow with Manufacturers Trust Company the payments of interest on the debentures owned by it which became due on July 1, 1941, January 1, 1942, and July 1, 1942, aggregating \$383,103, said agreement providing that such funds shall be held intact until all questions of validity and rank of such debentures owned by Ogden shall have been passed upon by this Commission and any court having jurisdiction. Prior to July 1, 1941, Ogden received payments of interest which became due on January 1, 1940, July 1, 1940 and January 1, 1941, aggregating \$383,103 on the debentures owned by Ogden.

No dividends have been paid on the preferred stock of Central States since December 31, 1931. It is the position of

Ogden that the 5% Debentures of Central States owned by it are in all respects valid and constitute a claim ranking equally with all other 5% Debentures and unsecured debt of Central States and prior to Central States' preferred stock.

The only assets of Central Utilities consist of all the shares of common stock of Central States and less than \$100 in cash. At December 31, 1944, Central Utilities had outstanding \$3,500,000 principal amount of 6% Ten-Year Secured Gold Bonds due January 1, 1938 (secured by the common stock of Central States), 32,000 shares of \$7 cumulative preferred stock, no par value, and 30,000 shares of common stock, no par value. Except for \$370,900 principal amount of bonds and 9,594 shares of preferred stock, Central Utilities' outstanding securities are owned by Ogden. No interest has been paid on the bonds since December 31, 1933, and no dividends on the preferred stock since December 31, 1931.

The Amended Plan contemplates the consummation of the following separable

proposals in the order in which they are stated below:

Proposal 1. (a) Central States shall deposit with Continental Illinois National Bank and Trust Company of Chicago, Trustee under the Trust Indenture securing the 5% Debentures of Central States, funds sufficient to pay 30% of the principal (i. e., \$249,598) of the \$831,960 principal amount of 5% Debentures of Central States held by persons other than Ogden, together with interest accrued on said 30% of the principal of said Debentures to the date of such deposit. Upon deposit of such funds the Trustee shall be directed to distribute them pro rata among Debenture holders other than Ogden, against surrender of the Debentures owned by them for stamping with an appropriate legend indicating such partial payment. After the date of such deposit with the Trustee no further interest shall accrue on said 30% of the principal of said Debentures.

(b) Central States shall earmark or otherwise set aside funds in the sum of \$1,532,412 which shall be distributed to Ogden as a partial payment of 30% of the principal amount of \$5,103,040 of 5% Debentures of Central States owned by Ogden, in the event that it shall be finally determined by the Commission and any court having jurisdiction that such Debentures owned by Ogden are valid and rank equally with all publicly held Debentures and other unsecured debt of Central States and prior to the preferred stock of that company.

(c) The payment, pursuant to paragraph (a) of this Proposal 1, and the earmarking or setting aside of funds, pursuant to paragraph (b) of this Proposal 1 shall not be dependent upon the approval of the provisions hereinafter set forth in Proposal 2 but shall be consummated as soon as practicable.

Proposal 2. (a) Central States shall pay or make provision for the payment of all of its current liabilities and shall reserve and set aside funds sufficient to cover the expenses of liquidation and dissolution, as hereinafter provided.

(b) There shall be distributed to Ogden the sum of \$1,532,412 earmarked or otherwise set aside by Central States pursuant to paragraph (b) of Proposal 1, on the basis that the 5% Debentures owned by Ogden are in all respects valid and constitute a claim ranking equally with all other 5% Debentures and unsecured debt of Central States and prior to the preferred stock of that company.

(c) Manufacturers Trust Company shall be instructed to pay or turn over to Ogden the funds or securities held in escrow pursuant to the agreement (hereinafter described) dated June 20, 1941, aggregating \$383,103 as of December 31, 1944.

(d) After the payment, or making provision for the payment, of the liabilities and expenses provided for in paragraph (a) of this Proposal 2, and the distribution of the funds to Ogden pursuant to paragraphs (b) and (c) of this Proposal 2, there shall be distributed pro rata to the holders of the 5% Debentures of Central States, including Ogden, all of the remaining cash or other assets of Central States.

(e) Central Utilities and Central States shall be dissolved. In this connection, The Chase National Bank, as Trustee under the Trust Indenture of Central Utilities, shall vote the shares of common stock of Central States pledged under such Trust Indenture in favor of the dissolution of Central States.

It is further proposed by Ogden that upon the entry by the Commission of any order or orders approving the Amended Plan, or any separable proposal contained in the Amended Plan, the Board of Directors of Central States shall request the Commission, pursuant to section 11 (e) of the act, to apply to a competent court of jurisdiction to enforce and carry out the terms and provisions of the Amended Plan, or any such separable proposal contained in the Amended Plan.

II. On May 20, 1943, the Commission entered an order (1) directing, pursuant to section 11 (b) of the act, among other things, that Central States recapitalize so as to distribute voting power fairly and equitably among its security holders: *Provided, however*, That such recapitalization need not be effected if said company is liquidated and dissolved, and that Central Utilities be liquidated and dissolved, and (2) approving, pursuant to section 11 (e) of the act, a plan filed by Ogden and certain of its subsidiary companies which provided, among other things, that Central States and Central Utilities would be liquidated and dissolved (File Nos. 54-69 and 59-65).

Proceedings in respect of the plan of liquidation and dissolution of Central Utilities and Central States filed by said companies and Ogden, pursuant to section 11 (e) of the act (File No. 54-42), proceedings in respect of an over-all plan filed by Ogden and subsidiary companies, pursuant to section 11 (e) of the act, (File No. 54-69), and proceedings instituted by the Commission directed to Ogden and subsidiary companies pursuant to sections 11 (b) (1), 11 (b) (2), 15 (f) and 20 (a) of the act (File No. 59-65), have heretofore been consolidated, and hearings have been held in respect of the consolidated proceedings and have been continued subject to call of the trial examiner.

III. It appearing to the Commission that notice should be given and that the hearing herein should be reconvened for the purpose of taking additional testimony in respect of the Amended Plan filed by Ogden (File No. 54-42);

It is ordered, That the hearing herein be reconvened under the applicable provisions of the act and the rules of the Commission thereunder on September 11, 1945, at 10:00 a. m., e. w. t., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that date, the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted by the

Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented by these proceedings, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the Amended Plan, as proposed, or as it may hereafter be modified, is necessary to effectuate the provisions of section 11 (b) of the act and is fair and equitable to the persons affected thereby;

2. Whether the proposed pro rata distribution of the net assets of Central States among the holders of Central States' 5% Debentures including Ogden is fair and equitable to the persons affected thereby; more particularly to the holders, other than Ogden, of debentures and preferred stock of Central States, and of bonds and preferred stock of Central Utilities, and, if not, what allocation thereof would be fair and equitable;

3. Whether the proposed pro rata payment by Central States, pending its final liquidation and dissolution, to the holders of its 5% Debentures other than Ogden of an amount equal to 30% of the principal amount of said debentures is fair and equitable to the persons affected thereby;

4. Whether the proposed earmarking by Central States, pending its final liquidation and dissolution, of an amount equal to 30% of the principal amount of the 5% Debentures owned by Ogden, to be paid to Ogden if and when this Commission and the reviewing court should determine that such debentures owned by Ogden are valid and rank equally with the publicly held debentures of Central States, is fair and equitable to the persons affected thereby;

5. The origin of and circumstances relating to the creation of Central States' 5% Debentures, and the circumstances relating to the acquisition by Ogden and its predecessor company, Utilities Power & Light Corporation, of the debentures owned by Ogden;

6. The manner and circumstances under which Ogden and its predecessor company, Utilities Power & Light Corporation, acquired the preferred stock of Central States owned by Ogden;

7. The rank and participation which should be accorded Ogden in the distribution of the net assets of Central States in consideration of the 5% Debentures and preferred stock of Central States which Ogden owns;

8. Whether the funds and securities escrowed with Manufacturers Trust Company representing July 1, 1941, January 1, 1942 and July 1, 1942, interest payments on the Central States 5% Debentures owned by Ogden should be turned over to Ogden, and, if not, what disposition should be made of such funds and securities;

9. Whether Central States, Central Utilities or any of their security holders as such have any valid claims against any assets of Ogden;

10. Whether the Amended Plan as filed or as modified makes appropriate provision for the payment of expenses, fees, and remuneration in connection with

the liquidation and dissolution of Central States and Central Utilities, in what amounts such expenses, fees, and remuneration should be paid, and the fair and equitable allocation thereof;

11. Generally, whether the Amended Plan and all proposed transactions incidental thereto are in all respects in the public interest and in the interests of investors and consumers and consistent with all applicable requirements of the act and the rules thereunder, and if not, what modifications and what terms and conditions should be required or imposed to satisfy the statutory standards;

12. Whether, in the event that the Commission shall approve the Amended Plan as filed or as modified, the Commission shall approve said plan for purposes of section 11 (d) of the act (as well as section 11 (e)) so as to permit the Commission of its own motion and irrespective of any request therefor on the part of Central States, Central Utilities or Ogden to apply to a court for the enforcement of the Amended Plan pursuant to section 11 (d) of the act;

13. Whether in the event that the Commission shall not approve the Amended Plan as filed or as modified, a plan proposed by the Commission or by any person having a bona fide interest in the liquidation and dissolution of Central States and Central Utilities should be approved by the Commission for purposes of section 11 (d) of the act, and, if proposed by the Commission, what the terms and provisions of such plan should be.

It is further ordered, That the issues numbered 3 and 4 above shall be first considered at the reconvened hearing, and that jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings, to consolidate with these proceedings other filings and matters pertaining to these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

Notice is hereby given of said hearing to Central States, Central Utilities, Ogden, Continental Illinois National Bank and Trust Company of Chicago, Indenture Trustee of Central States' 5% Debentures, The Chase National Bank of the City of New York, Indenture Trustee of Central Utilities' 6% Ten-Year Secured Gold Bonds, Manufacturers Trust Company, and to all interested persons, said notice to be given to Central States, Central Utilities, Ogden, Continental Illinois National Bank and Trust Company of Chicago, The Chase National Bank of the City of New York, and Manufacturers Trust Company by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the act and by publication in the FEDERAL REGISTER.

It is further ordered That Central States and Central Utilities shall give additional notice of this hearing to all their security holders (insofar as the

identity of such security holders is known or is available to them) by mailing to each of said persons a copy of this notice and order at his last known address at least fifteen days prior to the date of hearing.

It is requested that any person desiring to be heard in these proceedings shall file with the Secretary of the Commission on or before September 8, 1945 an appropriate request or application to be heard, as provided by Rule XVII of the Commission's rules of practice.

By the Commission.

WAR PRODUCTION BOARD.

[Consent Order C-411]

RICHARD S. PAIGE AND J. A. SINGARELLA CO.

Richard S. Paige of Brookline, Massachusetts, began construction on premises at 87 Seaver Street, Brookline, Massachusetts, in March 1945 in violation of War Production Board Conservation Order L-41. J. A. Singarella, doing business as J. A. Singarella Company of Dorchester, Massachusetts, acted as contractor for this construction which consisted of replacing a wooden swimming pool, 25 feet by 8 feet, with a swimming pool constructed of concrete, 30 feet by 15 feet, at an approximate cost of \$3500. The construction has not yet been completed. Richard S. Paige, and J. A. Singarella, doing business as J. A. Singarella Company, admit the construction was in violation of Conservation Order L-41 but deny that it was wilful and do not care to contest the issue of wilfulness.

Wherefore, upon the agreement and consent of Richard S. Paige, J. A. Singarella, doing business as J. A. Singarella Company, the Regional Compliance Manager, and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Neither Richard S. Paige, his successors or assigns, nor J. A. Singarella, doing business as J. A. Singarella Company, his successors or assigns, nor any other person, shall do any construction on the premises located at 87 Seaver Street, Brookline, Massachusetts, including completing or altering the premises or installing or connecting any equipment or fixtures, unless hereafter specifically authorized in writing by the War Production Board or the Federal Housing Administration.

(b) Nothing contained in this order shall be deemed to relieve Richard S. Paige, his successor or assigns, or J. A. Singarella, doing business as J. A. Singarella Company, his successors or as-

signs, from any restriction, prohibition, or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

Wherefore, upon the agreement and consent of Philip Lefkowitz, the Regional Compliance Manager and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Philip Lefkowitz shall not for three months from the effective date of this order apply or extend any preference ratings or use any CMP allotment symbols to which he would otherwise be entitled under Priorities Regulation #27 or any other regulation or order of the War Production Board; and he shall cancel

(b) All preference ratings, allotments, and allocations presently outstanding in connection with purchase orders for delivery of materials to Philip Lefkowitz or placed prior to the termination date of this order are void and shall not be given any effect by suppliers of Philip Lefkowitz or by any other person.

(c) The restrictions and prohibitions contained herein shall apply to Philip Lefkowitz, doing business as Comfort Box
